Our Commitment To You

Technology is constantly changing and as such so must our tools and technology. Clients are kept informed at each stage of the examination process. All costs are discussed ahead of time and all attempts will be made to keep our service affordable.

Audio & Video Enhancement

FREE MEDIA EVALUATION

Our review of your audio and video media projects can determine the likelihood of successful enhancement. At the end of the review you will be quoted a price for the project as well as what reasonable results can be achieved.

Cell Phone Data Recovery

FREE DEVICE EVALUATION

Our free evaluation will determine what type of data can be extracted from your cell phone or mobile device and what the associated costs will be.

Forensic Artist Services

FORENSIC ARTIST \$189.00 /hour

Our artists will work with your expert witnesses to maximize their testimony with 3D animations and graphics

Our technology can recreate any crime scene in amazing 3D accuracy. Once created the event in question can be viewed from any angle, even "Fly Through" camera motion. Events can be viewed in slow motion and objects can be zoomed in upon. Even more amazing this technology can go places a camera never could such as inside the human body or down to the molecular level.

In House Trial Graphics

Complex issues can be made intuitively obvious with the right design. Our graphic artists will help deliver your message.

Our in house capabilities include poster production, computer presentations, and DVD productions.

RUSH SERVICE AVAILABLE

We understand that trials can often be fluid in nature. As new evidence is presented your exhibits needs may change, often with little notice. Rest assured that we will be there to help. (weekend and evening rates at 1.5x standard published rates)
